Rabindranath Tagore

GIVE ME STRENGTH

Nobel Prize Winner Rabindranath Tagore, Gitanjali

Where the mind is without fear and the head is held high
Where knowledge is free
Where the world has not been broken up into fragments
By narrow domestic walls
Where words come out from the depth of truth
Where tireless striving stretches its arms towards perfection
Where the clear stream of reason has not lost its way
Into the dreary desert sand of dead habit
Where the mind is led forward by thee
Into ever-widening thought and action
Into that heaven of freedom, my Father, let my country awake.

CYBER RESEARCH & TRAINING INSTITUTE

INSTITUTE

An Overview

Cyber Research & Training Institute popularly known as CRTI (Affiliated to The University of Burdwan) emerged as a well knit organization with a vision to promote excellence in the field of Computer Science, Biotechnology and Management Studies in multisectoral and multidisciplinary perspectives. The framers of this Institute dreamed to implement the best of academic practices, so as to produce successful and enterprising professionals for taking up future challenges under globalised market economy. It is a matter of great pride that the hard labour has paid and CRTI has become a dream-come-true establishment in reality to cherish. Being proud of its large infrastructural facilities with a total area of 24000 sq.ft., the Institute stands centrally at Burdwan town. The Railway Station within a five minute walking distance, the main market in close vicinity and the adjacent bus stand are added advantages and thus the Institute extends facilities to all in every possible ways.The Institute is presently conducting and 3 years Honours degree courses in Bachelor of Business Administration(BBA), Bachelor of Computer Application (BCA), Bachelor of Science in Biotechnology (B.Sc. Biotech) under the affiliation of The University of Burdwan with many more new courses likely to be added from the current academic session. The Institute is designed in a congenial environment to develop one's own abilities under the constant guidance of a team of well-qualified, dedicated and experienced Faculties. The Management insists on a strict code of conduct for students and teaching staff fostering quality keeping in parity with the funda mentals of good education to contribute a better society of tomorrow.

Vision

The broad VISION of the Institute is to generate scientific temper, global outlook and to incorporate excellency in the field of Computer Application, Biotechnology and Management studies in multisectoral and multidisciplinary perspectives. The VISION is sought to be achieved through the following MISSIONS:

▶ To impart education in the much needed fields of advanced studies with greater perspectives.

▶ To implement the best of academic practices as to satisfy every member associated with it.

▶ To Optimise the usage of resources and infrastructure in an integrated fashion to improvise, enhance and strengthen the students' facilities.

▶ To install in the future Computer Professional, Biotechnologists and Management Professionals, a sense of life-long learning and participation, involvement and satisfaction as contributors to the wider development endeavour.

▶ To help the students to ensure secured job placements.

▶ To promote active participation in the field of software development and Bio-Technology industry.

▶ To improve the efficiency and effectiveness at the managerial & administrative services.

Infrastructure

The institute is situated at the heart of Burdwan town and provides large infrastructural facilities with existing furnished area of 24000 sq. ft. adjacent to Tinkonia Bus Stand, Goods Shed Road, Burdwan.

Class Rooms

The classrooms are spacious, disturbance free, A.C., airy and separated by broad corridors. Sprawling learning zones for respective departments with labs and teachers' room nearby has been planned for convenience. The institute provides a well equipped conference room and an adjacent seminar hall with a corresponding corridor.

Laboratories and Experimental Facilities :

□ **COMPUTER LABORATORIES** : Computer retains very large amount of information, makes expert judgement and takes accurate timely decision. To write and execute this task we have skilled professionals who have sound knowledge and experience. In order to give latest knowledge to our young aspirants, CRTI provides Computers of latest generation with individual accessibility in 5 Nos well-equipped modern labs in networking environment with Internet Connectivity, UPS protection along with Air Condition, generator facility and used in fully licensed softwares. Labs are also equiped with LASER, Printers and Scanners to meet varied necessities. The labs have been designed to cater to the requirements of B.B.A., B.C.A., Bio Tech. & students.

INFORMATION TECHNOLOGY: CRTI provides a well equiped IT laboratory for the B.C.A. and Hardware & Networking students. The laboratory is well covered with sophisticated electronic instruments, to undertake all the practicals included in the B.C.A. practical syllabus. Our qualified and skilled IT professionals burden the responsibility in students' upbringing. The laboratory includes all the essential instruments like Microprocessor Trainer kits, various Analog circuits including Modulation kits, Sufficient number of Cathode Ray Oscilloscope, Digital circuit analyser, etc.

BIOTECHNOLOGY LABORATORIES: In order to convert young scientists to a valuable citizen of the society CRTI houses a well-equipped laboratory with sophisticated instruments and it is supported by adequate library facilities. The laboratory is sufficient to cover all the practicals included in the B.Sc.(Biotechnology) practical syllabus. A rich collection of standard microbial culture is in store and an endeavour is made to enrich the stock and maintain it for future use. The laboratory includes all the necessary instruments like Laminar Air Flow Chamber, Hot-Air Oven, Autoclave, Incubator, Magnetic Stirrer, Vortex Mixture, Mechanical Shaker, Centrifuge, Digital pH meter, Conductivity meter, Water Distillation plant, Over-Head projector, etc. The role of Biotechnologists in today's world is vital and indispensable. By creating accurate "technical profiles" a remarkable academic performance arises and our experienced and qualified faculty members keep an eye on this.

An Introduction to the Courses

In consonance with recent trends, B.C.A., BBA, B.Sc. Bio-Technology and MBA, MCA courses are introduced among the students of Cyber Research & Training Institute with the notion that they get chances of being exposed to up-to-dated technology. This will help them to enter the field of challenging jobs as IT professionals, Computer Professional and Biotechnologists. These 3-year Honours degree courses, affiliated to the University of Burdwan are not only knowledge-based but also capable of serving the needs of the practical world. The syllabus is in touch with trends of the real life IT and Biotech market and the approach of managing these courses is purely professional unlike the same for conventional courses.

Admission Procedure

UG Courses :

After the declaration of Higher Secondary results, or ISC, CBSC, NIOS, IGNOU, RMV, NSOU or equivalent (candidate must have passed with atleast 5 subjects of 100 marks), the University holds an Entrance Examination for B.C.A. (Honours), BBA (Honours) and B.Sc. Biotechnology (Honours) Courses through releasing advertisement in the leading newspapers.

After publication of the Merit list of the Entrance examination, when declared, the students of the above disciplines are selected through central counselling by the University.

Time of Admission

UG Courses : Probable time of admission is in June-July of respective academic year.
Certificate Courses : January & July twice in a year.

Number of seats

UG Courses : The number of seats for all the Honours degree courses are restricted to 60

Our Other Activities

In order to achieve our first and foremost motto of job creation, we have cast our organization as most flexible to take up any type of job having employment opportunities. We are engaged in activities as follows :

1. A. Software Development: We have already started to develop software as per the demand of the present market.
   - ☐ Payroll Management System - Database Oriented Project for Payroll Management System for B.D.S.J. Samabay Samity Ltd.
   - ☐ Log Maintainance - Database Oriented Project for BVCS (Barddhaman Vishwavidyalal Chhatra Samsad) Career Counseling Centre. The University of Burdwan.
   - ☐ Duty Roaster - 3 Shift managing employee duties Roster for Tax Collection divition of B.D.S.J. Samabay Samity Ltd.
   - ☐ Sajal Dhara - Database oriented software for managing Sajal Dhara Prokolpo for District Sanitation Cell of our Project division for construction purpose.
   - ☐ Signature Scanning - State Bank of India Sonamukhi Branch Sonamukhi, Bankura.
   - ☐ Sadhana Press - Database Oriented Project of Payroll, Accounts and log Management System for Sadhana Press.
   - ☐ Cancer Patient Record - Database Oriented Project to maintain the patient and cancer details for Sankalpa Peoples Development Society, Burdwan.
   - ☐ Ichlabad High School – Data Base Oriented Project of Students Accounts etc.

B. IT enabled Services:

We are now undertaking various types of data entry jobs. We have successfully completed digitization of 6 Lakh records of BPL Data at DRD Cell, Burdwan Zilla Parishad, Data Processing at Central Library, Burdwan University, Burdwan, Various types of project of SSA, Burdwan and Fully digitalization project including data caputuring, entering and uploading of National Library Retrocon Project, National Library, Kolkata.

DISHARI COLLEGE OF EDUCATION

OUR 2ND CAMPUS AT KALNA ROAD BURDWAN

C. Event Management

- Exposure - Conducted by CRTI. It is a novel attempt to bring students from different Colleges & Schools for get together where different aspects of education entertainment are presented at CRTI Campus.
- Kaizen - Conducted by Commerce Department, The University of Burdwan. We provided technical support (decorations, sound, light, visual effect with camera and online mixing etc).
- Time Machine (Pyramid) - Development of Computer Controlled Audio-Visual and Light'n Sound Show which also included Mechinical, Electrical & Electronics Components within the model "Time Machine (Pyramid)" for Barddhaman SishuMela. More than 80,000 people appraised the show.
- Majaru - Program for some Competition of Computer Controlled Audio-Visual and Light'n Sound Show which also included mechanical, Electrical & Electronics Components.
- Spaceship - Development of Computer Controlled Audio-Visual and Light & Sound Show which also included Mechanical, Electrical & Electronics Components wihin the model "Spaceship" for Barddhaman Sishu Mela. More than 50,000 people appraised the show.
- Documentary Film - A documentary film on Kalpana Chawla and Columbia Spaceship Disaster for Paschim Banga Bigyan Mancha (Barddhaman Zilla Committee), which was shown at Pashchim Banga Bigyan Mancha, Burdwan.
- Documentary Film : A documentary film based on Mars, the 4th planet of solar family. The film is prepared for showing in the various program of Pashchim Banga Bigyan Mancha
- National Conference on IT - Providing of Technical support for the purpose of 'National Conferece on IT Challenge of New Millennium' conducted by Department of Commerce, Burdwan University.
- Visual TV Programe - Apart from the above activities, participation in making of the various programs for "Aakash Bangla" (at Burdwan office "Natun Chithi")

D. Industry -Institute interface:

All the technical courses are designed keeping in view of their applicability of transformation from trial scale to commercial scale at various industries. The job orientation-training programme was also conducted for the outgoing students so that they can gear up properly and take up any challenge when they enter their respective fields after completion of studies.

The Institute has already tied up with various organizations of repute in different sectors for providing employment opportunities to the prospective students after successful completion and proficiency in their branch of studies. Periodical job works are also undertaken by us, services of which are catered by the existing students with an objective of earning while learning.

we have organised an industrial Tour for our Students at Mother Diary Plant, Dankuni where the students get the exposure at real life manufacturing activities.

we took our students to the Food Processing Industry, Govt. of Sikkim for the purpose of industrial exposure.

Innovation :

The Institute engineered and exhibited various types of craftsmanship, audiovisual presentation and prototypes of various users friendly machines at Burdwan Sishu Mela and different Science exhibition which have been applauded by the visitors at large for their innovative ideas performed with presentation by the students.

Other areas of activities :-

(a) Educational Tours - The Institute as a part of implant training programme deputed by the students of all branches including Technical and Managerial Science at North Bengal to study of industrial development taking place at Tea Industries, food processing units, Bio-fertilizer units and other medicinal plants to successful gaining of field knowledge by the students who were deputed earlier. The educational tour have been conducted with the help and guidance of Department of Industry and Department of Agriculture and Food processing, Govt of Sikkim and with help of Govt. of W.B. for visit Tea Industry & Food Processing Industry. A study team 60 in numbers comprising of Sr Faculties, officials & students visited various factories, agriculture hubs and food processing units. The above endeavour of the Institute have given impetus to the students to focus their attention about the Industrial and agricultural growth as being taking place under liberalized, economic scenario of our country with many up-coming joint venture projects.

From Lab to Field...

(b) Rock Climbing -

Besides educational tour a handful of students were deputed at Tilaboni, Purulia, a part of Ayodhya Hill for 7 days Rock Climbing Course conducted by the eminent Rock Climbing Institute of West Bengal 'Bhramanik' under collaboration with our establishment.

The week long training programme have encouraged the students to judge not only their physical ability but also their test of endurance for taking up higher challenges under all adversities in their future life. We wish in successive years the participation of the students will be more and more in the area of Rock Climbing, Rafting, Gliding etc etc subject to availability of proper guidance and expertise in the respective fields.

(c) Participation in Seminar & Workshop

- The Institute provides facility to their students for gaining wider exposure and for the purpose of exchange of views with the students of other Institute, educationist, industrialist, those who are expert in their respective field of education by participating in Seminar and Workshop conducted by various authorities from time to time.

(d) Cultural Activities -

The Institute encourage to conduct the sports and cultural activities being performed by the students at a regular interval viz. Nabin Baran, Reunion of ex-students, Drama & Social Cultural activities (Cyberia) by eminent artists of the State. The students are being facilitated by eminent personalities for achieving excellency for securing higher ranks at University Examination, for best attendance in college classes, for best sportsmanship at different competition etc as encouragement for their endeavour in respective fields.

Where the mind without fear and the head is held high

Where Knowledge is freee

Where the world has not been broken up into fragments

By narrow domestic walls

Where Words come out from the depth of truth

Where tireless striving stretches its arms towards perfections

Where the clear stream of reason has not lost its way

Into the dreary desert sand of dead habit

Where the mind is led forward by thee

Into ever-widening thought and action

Into that heaven of freedom, my father, let my country awake

Rabindranath Tagore

Go on doing good, thinking holy thoughts continuosly; that is the only way to suppress base impressions.
